

## Compatibility Statement

The ideal air purifier to remove allergens and particulates in schools, facilities, aged care, offices, classrooms and hotels.

Numerous studies have illustrated that poor indoor air quality has a negative affect on performance. The number of people with asthma and allergies in Australia is on the rise. Now more than ever air quality in the classroom, workplace and home environment is a major concern.

Austin air purifiers are clinically proven to improve the health of your guest, client, worker and student. Our purifiers effectively remove allergens, dust, mould spores, chemicals, viruses and gases guaranteeing the air is clean and free from pollutants.

Clean air in the workplace provides guests, clients, students and associates with a healthier atmosphere to rejuvenate and succeed.

### Core Competencies

**Premium Series:** Ideal for staff, guests and associates with severe allergies and asthma, chemical sensitivities and COPD.

**Medical Grade HEPA:** Captures particles down to .03 microns. Ideal for students, faculty, clients, guests, staff who suffer from allergies or symptoms triggered by airborne particulates.

**Activated Carbon Blend:** Most premium series units use up to 15 lbs (6.8kgs) of carbon zeolite blends for odor and chemical removal.

**Durable Design:** Powder-coated 24 gauge steel construction.

**Clinical Trials:** Studies conducted by Johns Hopkins University and Cincinnati Children's Hospital prove that our air purifiers reduce asthma attacks and improves overall respiratory health.

### Past Performance

**School Districts:** Provided to Porter Ranch CA Schools, Citizens of the World Charter School, Rapid City Area Schools, Purdue University, L.A. USD, Ashland Public Schools, University of Colorado, and many more...

**American Red Cross:** 10,000+ Air Purifiers provided during 9/11 Emergency to NYC residents and schools.

**Calhoun County, Alabama (FEMA):** 28,000 Air Purifiers provided through FEMA to all county residents and schools.

**West Coast Wildfires:** Provided to many residents and schools during wildfire season.

### **Differentiators:**
